## Serving Like Christ

If a brother or sister is without clothing and in need of daily food, and one of you says to them, "Go in peace, be warmed and be filled," and yet you do not give them what is necessary for their body, what use is that?  
James 2:15-16

### **What is the difference between Programming and Ministry?**

As a faith-based organization that receives government dollars to serve its community, where is the line drawn and where does ministry fit in the process?

This seminar will answer those questions by exploring the direct service techniques Christ demonstrated while serving his community. Christ's example of social service showed us that compassion extends beyond giving people what they ask for. Instead He demonstrated the principle of "giving them what is necessary." To Believers it meant extending our compassion to help empower people towards wholeness; not just instant gratification.

This seminar will share the five (5) Principles of Service. A standard of service set to help faith-based Service providers effectively incorporate ministry into their programs.
